A fourth season of *Long Island Medium* launched May 12th on TLC. The highly-rated show follows Theresa's life as a typical Long Island wife and mom with one very big difference...she can communicate with the dead. Since she cannot "turn off" this gift, messages from departed loved ones can come through at any time. The local car mechanic, manicurist or cashier at the bagel shop may find themselves receiving a spontaneous reading from Theresa as she goes about her day. The unique challenges that her special abilities create for her husband of 22 years, Larry, and her two children, aged 17 and 21, and how they cope are also a main theme on the show.

Theresa has been a practicing medium for 10 years and is a certified medium with the Forever-Family Foundation, an organization dedicated to connecting science with the afterlife. She helps individuals find closure by connecting them with their departed loved ones. For Theresa, this is not just her job. This is her life.
