May 26 - June 6, 2027

The Phantom is back to thrill audiences once again in Cameron Mackintosh's revitalized new production of Andrew Lloyd Webber's legendary musical, **PHANTOM OF THE OPERA**! Based on the brilliant original production seen around the world, this is the story of Christine Daaé, a young soprano whose extraordinary voice enchants a mysterious masked figure known as The Phantom. A brilliant yet tormented musical genius, The Phantom dwells in the depths of the Paris Opera House, casting fear over all who inhabit it. His obsession with Christine sets off a dramatic turn of events where devotion, jealousy and passions collide. The world's most haunting love story returns to the Triangle "more spectacular than ever" (*Sunday Express*).
